

## General Health and Safety Statement

It is the policy of Rhyl Golf Club to:

Ensure that our staff, members, guests, visitors and members of the public and anyone else that visits Rhyl Golf Club will not be adversely affected by our activities and that we will do all reasonably practicable to:

- Ensure their health safety and welfare.
- Prevent accidents and cases of work-related ill health, and to provide adequate control of health and safety risks arising from our activities for all our employees full time or part time, and for our members and guests by, developing and maintaining a safety management system and safe systems of work.
- Provide and maintain for all our employees safe and healthy working conditions, safe working equipment and provide adequate training, instruction and information ensuring employees are competent to do their work free from risks to their health.
- Ensure the safe handling storage and use of hazardous substances and information on the hazards they present.
- And that Rhyl Golf Club shall implement emergency procedures in case of fire or any other significant incident.
- Engage and consult with employees on day-to-day health and safety conditions and provide advice and supervision on occupational health

This policy will be updated if the business changes in its nature or size. In addition to this policy a more detailed safety policy document will be produced and specific working practices for separate work areas will be produced. Risk assessments will also be produced for specific areas and detailed in separate files.

The club will endeavour to demonstrate compliance with all current UK and EU legislation details of which can be found in the detailed safety policy document. All employees full time, part time or self-employed and contractors are required to cooperate with the club in assuring compliance with this policy
